

Quality Policy Statement

Purpose of Policy

EFA Engineering Ltd are committed to working with our clients to provide the highest standards in engineering services and delivery. We are committed to achieving the utmost quality through the provision of technical excellence and cost-effective engineering services and consultancy to meet and exceed our client's expectations. We operate a Quality Management System certified to BS EN ISO 9001:2015 and as a minimum we will comply with all applicable statutory and regulatory requirements and agreed recognised industry standards.

We are committed to continuous improvement and have established our Quality Management System to provide a framework for measuring and improving our performance through the setting of objectives and targets which are undertaken through our management review. Progress against these objectives will be regularly monitored and updated.

To meet our commitments, all staff and contractors acting on behalf of EFA Engineering Ltd. must comply with the requirements placed upon the business and furthermore, to the practices documented within our EHQMS Systems Manual.

This Quality Policy will be made available to all staff and consultants at induction and via the Company SharePoint. The Policy is available to view by interested parties upon request.

Although the Managing Director has ultimate responsibility for Quality, all employees and consultants acting on behalf of EFA Engineering Ltd. have a responsibility within their own areas of work to help ensure that Quality is embedded within the whole of the company.

This statement on Quality establishes and confirms our policy in respect of all parties working within or on behalf of the business. As Managing Director, I accept the Policy and its implementation without reservation in relation to all those areas that fall within my responsibility.

Alex Edwards

Managing Director
